

Vicon's FREE Education Grant Writing Services

Each year the federal government sets aside tens of millions of dollars in funding—in the form of grants—that they allocate to schools across the country to help with their security initiatives. Whether you're a non-profit or a public school, you're eligible for, and entitled to some of those funds.

Let Us Help You Secure The Funds You're Entitled To

Navigating the complexities of the grant writing process can be daunting and time-consuming. That's why Vicon has partnered with EMD, a grant writing services company whose experts understand the challenges you face in securing vital funds. They'll help ease the burden, unlock more opportunities, and guide schools through the grant writing process. And Vicon covers the cost of grant writing for your projects!

You'll receive the following FREE benefits:

Security Assessment

You'll get a focused report on your specific threats, vulnerabilities, and risks—crafted to help influence the grant reviewer.

Application Assistance

Your application will precisely match the needs outlined in your customized security assessment.

Grant Management and Administration

You'll get personalized services for accurate and fast reimbursement.

Which Grants Do We Support?

School Violence Protection Program (SVPP)

This grant is available to public K-12 school districts. Schools can apply for up to \$500,000 per year, with a required 25% match from the applicant. This is a reimbursement program, and funds must be used within two years. Applications can be submitted annually.

Eligible technology includes:

- Intercoms, alarm buttons, surveillance cameras, and access control technology
- Technology for emergency notification of law enforcement

Enrollment: March - May

Non-Profit Security Grant Program (NSGP)

This grant helps private schools and non-profit organizations improve their physical security. Schools can apply for up to \$600,000 per year, with no match required. Funds must be used within three years, and applications can be submitted annually.

Eligible technology includes:

- Purchase and installation of security hardware, including surveillance and access control
- Security assessments, planning, and training

Enrollment: February - April
